WORK EXPERIENCE

19 Dec 2017–31 Dec 2018

Web developer in International Cooperation Project

Istituto Zooprofilattico Sperimentale dell'Abruzzo e del Molise "G. Caporale", Teramo (Italy)

Design and Develop of "SILAB for Africa" application web, Laboratory Information Management System for African Countries.

Training of users in Italy and in the laboratories involved in Ethiopia, Kenya, Tanzania.

1 Apr 2008–17 Dec 2017

Solution developer, analyst and software engineer for System Integration Group on the product Net@SIU (a system for the management of electrical power and gas for ENI, ACEA, EON)

Engineerig Ingegneria Informatica Energy & Utilities, Mosciano Sant'Angelo (Italy)

Analysis. Computer – aided design and development of the part of system integration with external sender-systems. At first I carried out the design and development of the ETL process (ENI) for the Net@SIU system, then I engaged in ETL testing and performance testing as regards the data acquisition. I'm currently analyzing the problems of data waste recovery and I make possible reviews to the code.

1 Oct 2004–31 Dec 2018

Solution developer, analyst and software engineer/web architect for the realization a client-server web application generator

Freelance, Teramo (Italy)

Analysis and design of parts of MySirt product. I have been particularly worked at the part relating to the management of the users and their access privileges; I also made the generator upgrading for AJAX technologies (using our own framework).

I've also been worked at all aspects of the code review both for client and server side. I'm currently carrying out the upgrade of the code in order to generate responsive pages in HTML5.

1 Jun 2005–1 Jun 2006
